Re: Donation 2000,00 Euro

On behalf of the Board of Directors of the “MELISSA” GIRLS’ ORPHANAGE Institution, I would like to describe to you what your support of 2.000,00 € represents for our organization. As we presented in our proposal, there is a great need for psychological support of children we host. These children have experienced very bad situations since they are children who are exposed to domestic violence and children whose families are affected by the socio-economic crisis. Consequently their mental health is an area worth attention and support. Despite the fact that the Institution has a paid psychologist, there are some children who need extra emotional support from a psychiatrist because their psychological trauma is very serious and need medication. Your offer significantly enhanced our efforts to raise the money needed for this purpose.

We will always be grateful for your interest and your extremely valuable support. I would like to express once again our deep gratitude and heartfelt thanks, you believed in our work and our efforts to help children in need.

Sincerely yours,

Vasilia Mavrou
Director of the “MELISSA”
Girl’s Orphanage Institution
